

The eStela mobile app will be used to track all boats during the SCC regatta and broadcast live races.

Live race links will be shared via the WhatsApp group which you can forward to friends and relatives. The live races will be on the SYC Clubhouse screens and the replays when we get to the clubhouse after the races.

Setup Guide

Please follow the steps below to ensure proper setup.

1. Download and install the free eStela app on your mobile device. It's available for both iPhone and Android stores
2. Follow the install instructions relating to background use (android)
3. Log in to the app using your Access Key.
4. Fully charge your phone and tap "Activate Tracking" a few minutes before the race begins.
5. Tap "Stop Tracking" once you've completed the race.

Helpful tips

- Keep your phone connected to a power bank / source while tracking to avoid battery drain.
- Secure your phone in a stable and safe location, such as the navigation desk.
- Choose location that is above the water line when you are heeled over

Boat Name	Access Key	Class	Sail number
Alba August	qzktc	IRC2	GBR1373
